## **General Comment**

We ADULTS, we people use options to increase leverage and make bets thus increasing our money when stocks do not move which has been the case lately. It helps our cash flow! duh!

I strongly object to limiting me as to what I can do with MY money. We are NOT Stupid! After all we made it! Stop trying to "Mother" us retirees "for God sakes". You have enough problems to take care of!!!

Figure out how you can "reduce our country debt"!!! we have ours under control......how about yours?

reduce government work force!

Fire people when they screw up...that what happens out here in the "real world".

I know - hubby worked for the FAA for a few years AFTER retiring from flying for 30 yrs..... what a bunch of free loaders! 2/3rds wasted time, the other 1/3rd did the work So sad....what has happened to our country....no one wants to WORK. (i.e. If I show up- pay me!) There's NO free lunch!
